Did you know that...

The flexibility of ALUREK allows you to transport pallets as well as parcels and therefore, there is never a fixed cargo space arrangement to get in the way. The folding and unfolding of the shelves can be easily done with one hand and these are automatically locked by means of a gas spring system. This not only makes the system safer, but also quiet.

Why ALUREK?

- ✓ Easy to operate with one hand
- ✓ Optimum loadspace usage
- ✓ Quiet
- ✓ High load capacity of 100 kg
- ✓ Automatically locked

Easily order the ALUREK racking system

1

Follow the measuring instructions

Read on ALUREK.nl how to find the right dimensions for your racking system with just a tapemeasure and two straight slats.

2

Select your layout and order

On ALUREK.nl you will find all possible layouts, specifically for your commercial vehicle.

3

Receive & Instal

After receiving the racking system, you can easily carry out the installation yourself using the supplied manual.

Would you rather have some help in selecting and installing the right layout?

Take a look at the ALUREK.nl website and find a dealer b near you.
